TOTAL		\$3,765.28	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §127.10 sets out the procedures for designated doctor examinations.
3. 28 Texas Administrative Code §134.203, effective March 1, 2008, sets out the fee guidelines for reimbursement of professional medical services provided in the Texas workers' compensation system.
4. Neither party to the dispute submitted copies of explanation of benefits to support denial of payment or the issues in dispute.

Issues

Is the requestor entitled to reimbursement for CPT codes 96118 and 96116 based upon 28 Texas Administrative Code §134.203?

Findings

28 Texas Administrative Code §134.203(a)(5) states "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

28 Texas Administrative Code §134.203 (b)(1) states, "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules."

On the disputed date of service the requestor billed CPT codes 96118 and 96116.

CPT code 96118 is defined as "Neuropsychological testing (eg, Halstead-Reitan Neuropsychological Battery, Wechsler Memory Scales and Wisconsin Card Sorting Test), per hour of the psychologist's or physician's time, both face-to-face time administering tests to the patient and time interpreting these test results and preparing the report."

CPT code 96116 is defined as "Neurobehavioral status exam (clinical assessment of thinking, reasoning and judgment, eg, acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities), per hour of the psychologist's or physician's time, both face-to-face time with the patient and time interpreting test results and preparing the report."

The code descriptor for both codes indicate that they are billed and reported per hour. The requestor billed four (4) hours of code 96116 and twenty (20) hours of code 96118 for a total of twenty-four (24) hours.

A review of the submitted medical records do not support a start and end time for the exam and testing, interpreting test results and preparing report to support the twenty-four hours billed. As a result, reimbursement is not recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
